Experience this unique outpost of Unitarianism as you enjoy the gracious hospitality of the Khasi people. Based mostly in the city of Shillong, the main trip features visits to many of the significant Unitarian sites of North East India such as the Annie Margaret Barr “Children’s Village” in Kharang, and the historic Jowai church. Travelers with partner churches in NE India may have the opportunity to visit their respective villages for services and home stays where feasible.

Included are visits to places like a working tea plantation, Monolith Park, and two nights in the spectacular Cheerapunjee Gorge with guided hikes to the Khasi “Living Bridges.”

PRE-TRIPS OFFERED: First time to India, or just want more? Check out our two optional pre-trips on the website for more India travel experiences. Note a minimum of 10 travelers are required for the Golden Triangle extension.

** This is the last trip our beloved John Dale & Csilla Kolcsar will lead before they retire as our travel coordinators.*
