Outstanding Contributions to International Partnership

## *Bishop Árpád Szabó*

**T** rue son of Transylvania, industrious student, wise teacher and courageous leader of Unitarianism in the land of its birth and around the world, you have been a vital link and key contributor to the ever-widening realm of global partnership. Like the Apostle Paul, so often the subject of your academic passion, you have been a Unitarian Apostle, defining and defending the faith, and battling oppression in your homeland. So too you have graciously welcomed hundreds of pilgrims, scholars and visitors from many lands to your church, your office, and the home you share with your wife Magda. You have fostered international Unitarian and Universalist collegiality not only by your own travels, but also by encouraging ministers and students from Transylvania to venture far afield. Your efforts have been truly all-encompassing, and in recognition thereof we respectfully express herewith our profound gratitude and great esteem.
